NATIONAL MERIT® SCHOLARSHIP PROGRAM

PSAT/NMSQT®

CollegeBoard /

NATIONAL MERIT
SCHOLARSHIP CORPORATION

The National Merit Scholarship Program is an annual academic competition among high school students for recognition and college scholarships that began in 1955. The program is conducted by National Merit Scholarship Corporation (NMSC®), a not-for-profit organization that operates without government assistance. United States high school students enter the National Merit Scholarship Program by taking the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT®), which serves as an initial screen of over 1.3 million entrants each year, and by meeting published program entry and participation requirements.

Congratulations To National Merit Scholarship Finalist Ahmed Adookkattil

RECIPIENT:

Ahmad Adookkattil

NARA RECIPIENT

YOUSSEF GOMAA

The NAARA recognition is part of a group of National Recognition Programs that provide underrepresented students with academic honors that can be included on college and scholarship applications and connect students with universities across the country, helping them meaningfully connect to colleges and stand out during the admissions process. Colleges and scholarship programs identify students awarded National African American, Hispanic, Indigenous and/or Rural/Small Town Recognition through College Board's Student Search Service.

CONGRESSIONAL MEDAL RECIPIENT

In Texas, "Congressional Medal" most commonly refers to the Congressional Award, which is the United States Congress's highest honor for youth civilians, or the Medal of Honor, the nation's highest military award for valor. The Congressional Award recognizes youth who demonstrate initiative, service, and achievement. The Medal of Honor recognizes individuals who have distinguished themselves by gallantry or intrepidity at the risk of their life above and beyond the call of duty.
